

Inserting You Tube/Teacher Tube Clips to Your Web Page

1. Using your web browser, go www.youtube.com.
2. Find the You Tube clip you'd like to use.
3. Double click in the window below the word "embed" so the HTML code is highlighted (on the right side of the screen.)
4. Go to the EDIT pull down menu and COPY to the clipboard
5. While using First Class RWD, open the webpage that you'd like to place the You Tube clip on.
6. PASTE the HTML code on your web page.
7. Highlight the code after you've pasted it.
8. Go to the FORMAT pull down menu and select "Format Text," click on "literal HTML"
9. Done!
10. You will be able to see the clip when you view your page on a web browser
